Our menu empowers you to happily eat your fruits and veggies. To the best of our ability we aim to serve the purest, freshest food at our best price. Organic or natural, with nothing artificial: no preservatives, antibiotics or hormones. We make everything on site daily... clean food!

Much of our food is local, our eggs are fresh weekly and produce is delivered daily. We focus on seasonal foods and the super foods that nourish our body and soul. We want you to be the healthiest you can be. We're trying to do our part to form a healthier society.

In addition to our constant dedication to quality, we work to reduce our carbon footprint. We recycle, composte, conserve energy, and use green products. It has become apparent that we must be aware of the global consequences of over-production and transport of both food and manufactured product. Our to-go containers and flatware are biodegradable. However, we hope you will enjoy your meals at Tulip and not need to use to-go items. We embrace the idea of bringing in your own containers for coffee etc.
